6th July 2024 Workshop on Menstrual hygiene and Puberty issues

The screenshot shows a Zoom meeting interface. The main window displays a presentation titled "Feminine Hygiene Management" by Unicharm. The presentation includes eight numbered points:

- 01 Use of clean and soft absorbent sanitary products & change sanitary napkins at regular intervals
- 02 Take bath at least once a day, even during periods & keep the area between the legs dry and clean
- 03 Use of clean and dry undergarments and change these daily & dry undergarments under the Sun
- 04 Wash the genital area with plain water (no soap) every time you use the toilet (also after urination). Avoid using any fragranced cream or lotion around the vaginal area.
- 05 Always wash from front to back after defecation
- 06 Wash hands before and after changing sanitary napkins. Use cotton pants during menstruation
- 07 Use a clean toilet or use an Indian toilet at public areas as these have lower incidence of spreading RTI
- 08 Store sanitary napkins in clean and dry place

Below the points, a blue banner states: "Menstrual hygiene reduces the incidence of reproductive tract infection (RTI)".

The Zoom interface also shows a list of participants on the right, including "7i World School (Jal)", and a chat window at the bottom right with messages like "start the webinar".
