### **Our Guiding Force – Our Director**

There is nothing more valuable to a parent than his child and when a parent imposes faith with this belief in us, it becomes a task of a lifetime. Keeping that in mind it's no surprise when I reiterate to my staff the paramount importance of morality and ethical values by reminding them of wise saying - "After certain time kids don't remember what you taught them but what you were".

Children must learn love, care share and prayer so that they become sensitive to the well-being of others and the world outside. These values add excellence to the character. They liberate us from narrow and negative thinking and help us to evolve into better human beings.

I congratulate the entire team headed by Ms. Veenu Badmera for its concerted effort in reemphasizing the core value of moral education and wish that the process will continue and go a long way in enriching the educational heritage for the holy city.

Finally I must add that the students of our school are making us ever so proud by the conduct of their educational and social aspects of life. They are bringing glory to themselves, their families, to us and above all to the nation. I wish them all the success in life.

Regards  
Adv. Deepak Sharma  
Director

### **The Fulcrum of 7iWS – Our School Principal**

Dear Parents, Educators and Parents It is with immense pride and joy that we present this edition of Annual Magazine 'Spandan' of 7i World School for the academic year 2025-2026. This vibrant compilation stands as a testament to the creativity, diligence, and boundless enthusiasm of our school community.

The past year has been extraordinary, marked by outstanding academic accomplishments, thrilling sports victories, and unforgettable cultural events like our Annual Concert and Adventure Camp. Our students have not only excelled in classrooms but also embraced project-based learning, fostering innovation and leadership. I extend my heartfelt congratulations to every contributor—be it the budding poets, artists, and writers whose works grace these pages, or the dedicated teachers who nurture their talents.

As we turn the page to new horizons, let us continue to uphold our motto of holistic excellence. Together, we will inspire greater heights.

With Best Complements  
Ms. Veenu Badmera  
Principal

### **From CCA in Charge**

E-magazine, what a good way to celebrate our years of togetherness and beyond. We have seen many of the students grow into well-behaved and successful individuals and it indeed gives us more confidence and sense of achievement knowing that we have contributed to the development of a person. The feeling is inexplicable but it is somewhat comparable to conquering a mountain one never thought he/she would be able to climb. However, it is a much more rewarding achievement. It's not simply another medal or trophy in our cabinet but it is a human life that is made better. We, the teachers at 7i World School, express our gratitude towards the institution for providing us the forum to bring out our best to instill the values among the students and assist them to grow and explore the world around them. A big thank you from all of us.

Regards  
Gargi Sharma

### **From the Editor**

The Editorial Board of 7i World School takes immense pleasure to unfurl the 2026 Edition of Spandan – The Annual Chronicle. Rising like phoenix from all the challenges that school system throws, we take one up and bring to you, the who's who and what's what of our institution in a nutshell. In this decennial year, our focus has been to enhance the teaching – learning experience yet stay connected to the roots. Specialized learning and improved learning tools and platforms were some of our main strengths for a smooth transition. This magazine is our humble attempt to bring to you our journey of this academic year. To put it all in one frame is always a herculean task; nevertheless, we bring you the best moments and trivia, garnered and collated only in a few pages. We have tried to showcase with pride the remarkable achievements and milestones that our students have walked over this year. Constraints of space and the desire to put the spotlight on the students has tied our hands to bring everything. I feel pleasure in writing about our institution and its professionals that are going to lead the future. The team of teachers is fantabulous and loaded with aptitude. They are keen to learn and they have a knack for teaching. In the culmination, I am sure that this magazine will be able to portray the glimpses of the year on your mind.

Happy Reading!!  
Dr. Apoorv Pathak

# Life @7i World School Harishankarpuram

Dear Parents, Teachers, and Our Little Stars,

It gives me great joy to share this edition of our Annual Magazine with you. This magazine captures the wonderful memories, creativity, and achievements of our young learners throughout the year.

At 7i World School, we believe that early childhood is a special time for curiosity, discovery, and learning. Through fun activities, creative experiences, and joyful learning, we aim to help our children grow into confident, kind, and happy learners.

This magazine highlights the talents and imagination of our children. I would like to thank our dedicated teachers and supportive parents whose constant encouragement makes learning a joyful journey for every child.

As we move ahead, let us continue to inspire our little ones to explore, learn, and shine brightly.

Wishing our children happiness, curiosity, and success in the years to come.

## “ TESTIMONIALS ”

We sincerely thank Nupur Ma'am and Ankita Ma'am from the bottom of our hearts. Because of your patience, love, and dedication, our little ones are learning and growing so happily. Caring for such young children and guiding them with so much warmth and affection is truly admirable. Thank you for creating a learning environment that is fun, safe, and filled with smiles. We deeply appreciate your hard work, commitment, and constant support. A big, heartfelt thank you to all the wonderful teachers of 7i World School for making a beautiful difference in our children's lives!

Mr. Naveen & Ms. Mamta Ahuja  
Parents of Saanvi Auja - Playgroup

Finding the right school for a child is a significant decision. Having gone through this process with our other three children, we found the experience much easier with Shivaay. Although he was initially hesitant, he has adjusted remarkably well - much faster than his siblings. Kudos to the wonderful team for their dedication. While parents often have high expectations and can be over-nurturing, the school has consistently maintained a strict yet caring approach that has exceeded our expectations. Our trust in the school management continues to grow, and they have truly become an extension of our family.

Ms. Abha Chaoubey  
Mother of Shivay Choubey - Playgroup

I would like to express my heartfelt appreciation for the effort and dedication shown by the teachers and staff, especially Nupur Ma'am. Handling such young children is truly a challenging task, and you do it with remarkable care. My daughter, Myra Singh, feels comfortable and happy at school, which reflects the positive and nurturing environment you have created. I have seen her confidence, discipline, and values grow - especially during the school's annual day when the little students performed anchoring. I was genuinely impressed by her confidence and stage presence. Thank you for your continued commitment to nurturing young minds. We look forward to seeing Myra grow and flourish further under your guidance.

I am truly happy with my decision to send my child to 7i World School. I have seen remarkable improvement in his behaviour and his ability to learn new things. Your patient efforts and supportive attitude have helped our child not only to learn but also to genuinely enjoy the learning process. It always fills me with gratitude to see the warm and happy faces that welcome my child each day at school. I also appreciate seeing respected Chadda Sir personally inspecting the school campus. His presence gives us the feeling that the school is being cared for just like elders lovingly look after their children at home. It reflects strong leadership and commitment. As parents, there is no greater comfort than knowing that our child is in safe and caring hands. I truly appreciate your willingness to listen to parents' concerns and work collaboratively to find solutions. Our sincere thanks to all the staff members and teachers for their dedication and hard work.

I am very happy with the way this term has progressed. My son has been a part of this campus for the past four years, and these years have added immense value and character to his upbringing. For such nurturing, the educators and school faculty play a very important role. It is not only about academic teaching, but also about creating a safe, positive, and uplifting environment for the children - right from the teachers in administrative roles to those in the various subject areas. Likewise, he has begun to appreciate the importance of the people and things around him - understanding each person's role in contributing to society, whether through concepts like Dana Pani, events of national importance, a sense of responsibility toward pets, or the significance of family members. During Grade II as well, Ms. Chetna has shown great poise and composure in preparing the students for their next chapter. Her attention to detail - whether it's a child's emotional well-being or academics - reflects the care she puts into her role. Plus, the other teachers who have helped Shubh develop an interest in Hindi, Music, Chess, Sports, and the Arts. It is heartening to see that these interests come from his inner liking. Alongside, Principal Ma'am who remains attentive and aware of every small aspect of a child's development. She has always been responsive and open to concerns and suggestions. This is what makes the school a happy place - not just for the children, but for the parents as well.

The well-planned academic and co-curricular activities have greatly helped him gain a deeper understanding of subjects along with developing strong ethical values. The efforts made by the school to connect students with various festivals and national celebrations have also created a positive impact on his cultural understanding and sense of belonging. I would especially like to thank the class teacher, Ms. Chetna Madam, for her constant support, responsiveness, and caring nature. I am also grateful to the respected Principal Madam for her personal attention and guidance. Additionally, I sincerely appreciate all the supporting staff for their valuable services throughout the entire academic year, which helped create a comfortable and encouraging environment for Reyansh. मैं अपने 3 वर्ष के बच्चे की प्लेग्रुप कक्षा में हो रही प्रगति को लेकर अपने अनुभव साझा करना चाहती हूँ। जब से मेरा बच्चा इस स्कूल से जुड़ा है, मैंने उसमें आत्मविश्वास, बोलचाल, अनुशासन और सीखने की रुचि में बहुत ही सुंदर और सकारात्मक बदलाव देखे हैं। अब वह खुशी-खुशी स्कूल जाती है और घर आकर स्कूल की गतिविधियों के बारे में बताती है। यह सब शिक्षकों के प्यार, धैर्य और स्नेहपूर्ण मार्गदर्शन का परिणाम है। बच्चों को जिस तरह से खेल-खेल में सिखाया जाता है, वह वास्तव में सराहनीय है। इस उम्र में इतना अच्छा माहौल और ध्यान मिलना हर बच्चे के विकास के लिए बहुत जरूरी होता है। मैं सभी शिक्षकों और स्कूल स्टाफ का दिल से धन्यवाद करती हूँ, जो बच्चों के उज्वल भविष्य की नींव इतनी खूबसूरती से रख रहे हैं।

We, the parents of Nivin S.B Daga, would like to express our heartfelt gratitude for the wonderful academic experience our son has had during the session 2025—26. As this was his first year in your institution, we were initially concerned about how he would adjust to a new environment. However, the warm atmosphere, strong discipline, and constant support from the teachers made his transition smooth and comfortable. We would especially like to highlight a few aspects of the school that we truly appreciate: Firstly, the teaching approach of the class teachers is exceptional. The way lessons are explained makes it easy for children to understand, remember, and apply what they learn. We sincerely believe that the teachers have played a major role in Nivin's progress this year. In particular, Charu Ma'am has made a significant contribution to his development, and we extend our heartfelt and deepest gratitude to her. Secondly, the monthly tests are very helpful. They prepare children well for examinations and build consistency in their learning journey. Thirdly, we are happy to see that equal importance is given to overall development. Along with academics, the focus on activities like yoga and mindfulness reflects the school's commitment to nurturing well-rounded individuals. Fourthly, the celebration of small festivals and events helps children understand culture, society, and values beyond textbooks. These experiences shape their personality and broaden their perspective. In conclusion, we believe that children are like delicate stones, and it is the role of teachers to shape them into something precious. With your guidance and dedication, we are confident that our son will grow into a confident and capable individual.
