GST Will Make Domestic Companies More Competitive: Hasmukh Adhia

Revenue Secretary Hasmukh Adhia is hopeful of a smooth transition to the GST regime and says it will help domestic firms to become more competitive apart from streamlining the taxation for all business activities. Explaining GST's importance for giving a boost to the manufacturing sector, he said, "Cascading taxes along with non-availability of input credit meant that domestically produced goods found it harder to compete with imported ones.

"GST is a multi-point tax on value addition with seamless input tax credit," he said.

Earth Day Special

Every night and day, we humans pray that we may live long live,

And yet we conveniently forget our dear home planet's plight

Remember, soil, air and water are the foundations of life,

The birds, the animals and the people, we all need those to survive.

Heed to the warning signs, the earth has been warming for quite some time,

Days and nights, if we sit still and take no action, it's no less than a crime.

And so this Earth Day, let us celebrate with our actions and thoughts alike,

You and I together shall be able to make a future bright!

THE DECISION

Once, I saw many flowers on hills,
I thought that they were daffodils
Glowing brightly and touching my heart,
Making me think it was beautiful art.
When, I looked at other side,
I saw a very beautiful sight.
A scene which I cannot describe,
But, then I saw a hive of bees.
Which reminded me of stormy seas.
I was confused where to go
What to do and how to go?
Then I chose the daffodils
Which were fluttering on the hills.
And it was a good decision ,
Made by me ,by my person..
